Gentlemen: It gives me much pleasure to state that we are in every respect more than pleased with the IDEAL AUTOMATIC ROASTER AND POPPER you recently installed for us. In point of finish, workmanship, appearance and price, we consider it the best peanut roaster and pop corn popper on the market today. The IDEAL feature alone is enough to make the IDEAL stand in a class by itself.

We think this speaks for itself and needs no additional praise from us. The above are actual facts and not estima

## Very Much Pleased.

Dear Sir: Have used your automatic pop corn machine for some time and am well pleased with it. I find that for speed and endurance it is unequalled, and turns out nicer and more corn in a shorter time than any machine I have ever seen. I have used several pop corn and peanut machines in the ten years I have been in business and will say that your machine is by far the best in every way. I can recommend it to any and all who have use for pop corn or peanut machines.
